REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance:

Claims 11-16 which are directed to a process, have been examined.

Claims 17-27 have been restricted.

Rejection of claims 11-16 under judicially created doctrine of obviousness-type double patenting is now withdrawn.

Closest prior art is Taylor (US 4529753). Taylor discloses a process of treating partially polymerized aqueous emulsion of monomer/s to remove residual unreacted monomer/s. However that process is different from the claimed one in many aspects. Instant claims 11-16 are prima facie nonobvious and therefore are allowable.

Nonelected claims 17-27 depend from claims 11-16. Hence following In re Ochiai 37 USPQ 2D 1127 Fed. Cir. 1995, these claims are deemed to be allowable.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
